- > Manufactured with 5 times less water than the North American paper industry average (source: AF&PA 2009)
- > Third-party certification:
 - Processed Chlorine Free

cascades®

One of the biggest challenges in many industries such as healthcare, education and transportation, is **reducing bacterial transmission**. While in foodservice, contamination is the main concern.

As you know, hand washing is the most impactful way to control the spreading of bacteria.

Cascades® Antibacterial Paper Towels provide a simple and effective way to further reduce bacterial contamination and transmission. These towels can fit anywhere and don't require additional steps or change in habits.

More than ever, health is in your hands.

Cascades
GREEN BY NATURE™

cascades® + **ANTI BACTERIAL**™

Kills over 99.99% of harmful bacteria*
*Based on 3rd party laboratory testing

- 1 > Wash hands with soap and water for 20 to 40 seconds as recommended by the World Health Organization (WHO) and the Center for Disease Control and Prevention (CDC).
- 2 > Rinse hands thoroughly under water to eliminate residual soap and maximize the antibacterial performance.
- 3 > Unlike ordinary paper towels, while drying hands with Cascades® Antibacterial paper hand towel*, water releases benzalkonium chloride onto your hands eliminating 99.99% of bacteria**.

* conform to FDA regulations and policies.
 ** based on 3rd party laboratory testing.
